LOAD MANAGEMENT AGREEMENT

EnergyWise programs are offered to our members as an option to lower their energy costs by allowing the cooperative to manage space heating, water heating, interruptible generator, electric vehicle and air conditioning loads. All space heating and electric vehicle loads have their own meter to monitor the savings.

This agreement is entered this _____ day of _____ 20_____, by and between NCE and the Property Owner/Member designated below.

Member Name: _____ Property Owner Name* (if different from member): _____

Acct No.: _____ Location No.: _____

Mailing Address: _____ City: _____ Zip: _____

Home Phone: _____ Cell Phone: _____

Building Information: House Garage Shop Other _____

Proposed Off-Peak Heating: (Please indicate what best describes the primary electric heating system)

- ___ kW Electric Boiler
- ___ kW Electric Forced Air
- ___ kW Electric Baseboard
- ___ kW Electric plenum
- ___ Ton Geothermal Heat Pump
- ___ Ton Air to Air Heat Pump
- ___ Other _____
- Closed Loop
- Central Ducted
- Open Loop
- Ductless/Mini Split

Secondary Heating System: *All electric off-peak heated areas require a secondary back-up system, unless a storage heat system*

Type of Fuel: Propane Fuel Oil Natural Gas ___ BTU Output forced air ___ BTU Output hydronic boiler ___ BTU Output fireplace

Central Air Conditioner: ___ Tons _____ AC Brand

Water Heating: ___ Gallons _____ WH Brand ___ Peak Shave ___ Storage Water Heating

ChargeWise: ___ Make _____ Model _____ Year _____ Purchase Date

Interruptible Generator: ___ Gallon Capacity ___ Fuel Used ___ kW Output _____ Type of Business _____ Brand

I request that Load Management controls be installed at my residence for the purpose of controlling:

- Electric Thermal Storage (storage heat)
- Dual Fuel Heating - nonelectric backup system is needed capable of heating entire home or building
- Cycled Air Conditioning - central air conditioners only
- Peak Shave Water Heating
- Storage Water Heating
- ChargeWise - electric vehicle
- Interruptible Generator

I have received and read NCE Program Descriptions. I understand the programs requirements and control times for the EnergyWise programs that I am applying for. I agree to allow NCE personnel access to inspect the system for proper operation or maintenance when necessary. I agree to abide by NCE regulations and that failure to meet these requirements or violations of this agreement because of unauthorized revisions or tampering shall entitle NCE to remove all cooperative seals for service or repair. I agree that NCE is not liable for any economic loss or personal discomfort due to malfunction of control equipment, secondary heating systems, extended power interruptions, or inadequately sized heating systems. NCE retains the right to deny participation in load management programs if load control is not beneficial to the cooperative. Either party may terminate this agreement by giving a 30-day written notice to the other party.

I am ready for the control device
